MANZIL

Sponsorship terms

Mahmoud Elansary hosts The Ansari Podcast. Manzil Investment Advisors, LLC ("Manzil Invest") pays Ansari Studios LLC, the company he leads, USD 2,500 a month under a sponsorship agreement to promote Manzil Invest on The Ansari Podcast and its YouTube and audio channels. The fee is paid monthly as USD 625 for each of the four weekly ads (an ad in that week's episode and its clips). An ad that is not published is not paid unless it is made up later with an extra ad. The fee covers the ads and Manzil Invest's right to keep reusing them, including after the sponsorship ends, at no extra cost. It does not depend on how many people open or fund an account or how much they invest, and the code ANSARI is used only to track sign-ups. He receives no other payment, bonus, product or perk from Manzil Invest.

The sponsorship runs from November 4, 2026 to April 30, 2027, then continues month to month. Either side can end it with at least one month's written notice, for an end date of April 30, 2027 or later. Manzil Invest can also end it earlier: on 14 days' notice for an end date on or before April 30, 2027, or at any time if it pays for the ads due in that notice period. Either side can end it immediately for a serious breach. From signing until 30 days after the last ad, he may not do paid promotions for halal or Shariah-compliant investing apps, robo-advisers, brokerages, home financing providers or Islamic banks without Manzil Invest's written consent.

Because he is paid, and the sponsorship continues only while Manzil Invest keeps it going, he has a financial incentive to recommend Manzil Invest, which is a conflict of interest. He is not a client of Manzil Invest.
